

Millenium Edge™

Dark Sky Compliant Luminaire Great for Retrofits

Kenall's Millenium Edge™ is a flat lens version of the popular Millenium™ Rounds Series, offering Dark Sky compliant luminaires ideal for soffit, low ceiling or corridor applications. Edge is constructed of environmental and impact resistant materials—marine grade aluminum housings, UV-resistant polycarbonate lens and lens base, stainless steel fasteners and extruded closed-cell gasketing—to ensure that it will look great for years to come whether installed indoors or out.

Millenium Edge (MR13FF) Series

- IESNA-designated full cutoff performance
- Available in 13" or 17" dimensions
- 3" low profile or 6" deep profile surface mount options
- One-piece injection molded pearlescent polycarbonate lens
- 50W - 3500K, 4000K, 5000K and 5700K
- UL Certified IP64 per IEC 60598
- Kenall's Peace of Mind Guarantee® against breakage

Housing Styles

Semi-Recessed

Low

Deep

Edge's stylized lip makes it an ideal choice for downlight retrofits.

The low profile saves space and clears obstructions. The semi-recessed housing option is ideal for when larger apertures are desired.

Edge's flat lens is ideal for signage when wall mounted. Signage is provided on interchangeable internal panels. Consult factory for ordering information.

Available in LED, CFL and HID.
