HC HEALTHCARE

HA HIGH ABUSE

MedMaster & Millenium Saturn™

Sleek & Stylish Design with a Dynamic Color Palette

Introducing the new **MedMaster and Millenium Saturn™** series, where robust durability meets sleek modern design aesthetics for behavioral health and high abuse settings. This innovative family offers optional single- or dual-light engines, allowing control of the inner and outer light rings, independently or together. Featuring a slim 2" depth with endless color combinations—from static white and color, including narrow spectrum, to saturated color and soft pastels—both fixtures are capable of dynamically lighting the space based on user preference, across a variety of applications.

Saturn's broad color palette is fit for use—ranging from wayfinding and branding, to mood creation and circadian support—all while complementing the design aesthetic of the space. A unique feature of this new series is the motion sensor (MS) option. When selected with switchable perimeter and sensing occupancy, the center and perimeter are factory set to white mode. When sensing non-unoccupancy, the center turns off and the perimeter switches to the selected color (amber or red), based on its intended use: either as a nightlight or for wildlife protection.

Whether you're lighting an inner or outer space, let Saturn's rings of color add a subtle or dynamic and stylish element to your next lighting project. MedMaster and Millenium Saturn by Kenall…coming soon to a galaxy near you.

MedMaster Saturn™ (BHSS & BHSD Series)

- Delivered lumen range: 1100 – 6800 lm*
- Input power: 8 – 68W
- Efficacy: 81 – 109 lm/W
- Optional single- or dual-engine illumination and control
- Surface wall or ceiling installation
- 14" or 18" diameter; 2" overall depth
- Static white, static & switchable color perimeter, tunable white, dynamic RGB/RGBW options

* BHSS

NSF2 IK10 ADA PEACE OF MIND Guarantee®

Millenium Saturn™ (HASS & HASD Series)

- Delivered lumen range: 1100 – 6800 lm*
- Input power: 8 – 68W
- Efficacy: 81 – 109 lm/W
- Single- or dual-engine illumination & control option
- Surface wall or ceiling installation
- 14" or 18" diameter; 2" overall depth
- Static white, static & switchable color perimeter, dynamic RGB/RGBW options

Saturn™ Series: Key Product Features

High-Abuse Construction
Withstands the most rigorous applications; suitable for indoor or outdoor use
Complies with requirements of the New York State Office of Mental Health (NYS-OMH):
- ligature-resistant, tamper-resistant

Visually Appealing
Provides a warm and inviting ambiance while still maintaining durability

Flexible Mounting Options
Adaptable solutions for various surfaces and environments; wall or ceiling mount

Two Distinct Light Engines
Synchronous (base model) or Dual light engines to control the center & perimeter illumination

Versatile Lamp Options
Static white, static color, switchable, RGB (14") & RGBW (18")

Available in Two Sizes
14" or 18" diameters, offering a shallow depth and uniform illumination across the lens

Certified Performance
NSF rated for cleanability
Tested to an IK10 impact protection rating per IEC 60068-2-75:1997-08
